## **Chinguacousy Curling Club Fee Policy**

The aim of this policy is to ensure that all members pay their curling fees before the commencement of the curling year.

All fees must be submitted to the Registrar by the registration deadline date in each curling season.

If a member of your team has not paid or the payment has returned, your team will still be able to play, however, the member who has not paid or has had a payment returned shall not be allowed to play until payment has been completed.

There will be NO "grace periods" regarding the curling fees nor will there be any exceptions to this Policy.
